'topics' were introduced, and several local ability which produces amusement without offence. Among these were:—the lengthy meetings of the School Board; deputations of ladies to the Local Board; the Stourton lamps; etc. Of course, everybody was immensely delighted, and 'encore' verses were given, and received with loud applause.

moved by Mr. Seanor, chairman of the Board, who expressed the satisfaction of the Board with the result of their work during the year, and also with the entertainment provided. He was glad to find so many of the younger teachers taking part in the evening's programme, and trusted they would all work for the general good of the school. Mr. Steat briefly seconded the resolution, and compli-

The second portion of the programme was then taken up, the boys singing "Merrily the time glides by," followed by a well-recited piece "From India," by Mary Taylor, one of the scholars. A second and more difficult series of the dumb-bell exercises

came next, by twelve boys, and their success was more gratifying than before. The pretty, and somewhat difficult song "Pond Lilies," was given by another scholar, Mary Blackburn. "Village Gossip," a dialogue by Mary Blackburn, Mary Taylor, Amy Nicholson, Florrie Dixon, and Julia Greenfield, was rendered without any perceptible hitch, and both in matter and manner, was very satis-

Batty consented to give another sample of his ability. Not a song but a sermon parody on "Old Mother Hubbard" was the subject, and its effective rendering highly delighted the audience, who so persistently applauded, that Mr. Batty was obliged to suspend his sermon.

This very interesting drill was most gracefully and tastefully performed by these English maidens, and both the singing and the actions were richly enjoyed by all; Miss Goodhind has earned great commendation by her distinguished solo song.

the effective and pleasing manner in which this item was presented. The last number on the programme was an "Evening lullaby," by the boys, which was given about half-past nine o'clock.

Previous to the last song, Mr. Seand called on Mr. Tempest to move a vote of thanks to Mr. Hargreaves for presiding during the evening, and to Mr. Batty for his services. This was done in a few

happy manner by Mr. Tempest, who, after complimenting Mr. Hargreaves on his conduct, said he hoped that whatever else happened 'in 1901,' they would then have much larger room at Stourton, and that Mr. Hargreaves would be presiding over a much larger meeting. Mr. Marshall briefly seconded the resolution, referring to Mr. Hargreaves' generosity in giving away twenty

The entertainment after tea, was conducted by Mr. Horsfield, and consisted of songs, and duets, with readings and recitations which were very ably rendered and enthusiastically received by the audience. The following young ladies and gentlemen took part in the entertainments—Miss Ainley, Miss Atack, Miss A. Wallis, M. Fisher, Messrs Brooke, Hartley, Wallis, Rhodes, Hingworth, and J. Holdsworth. The proceeds of the entertainment were loaned to the

METHLEY V. KIPPAX.—This match was played Methley, last Saturday, and after a most determined and persistent, but square and pleasant encounter resulted in the success of Kippax. During the

half of the game, and scored a try (Overton), and 4 minors, to Kippax 1 try. Kippax men only having the ball in their quarters about five minutes during the half. In next half, Methley scored 3 more minors, and kept the ball in their own quarters, till the expiration of the 'usual time', but four minutes had to be allowed for a nasal accident, during which extension of time Kippax collared the ball, secured a try, and landed a beautiful goal, before the whistle sounded 'time' thus pulling off the victory. Score:—Methley goal, and 7 minors, to Kippax 1 goal 1 try.

ROTHWELL "PAXTON" SHOW.

The second exhibition of plants, flowers, fruit, and vegetables, under the auspices of the Rothwell Paxton Society, took place on Monday last, in the Cricket field, Bayle Lane. The weather and other circumstances were favourable, and there was a good and increasing attendance throughout the day.

Mr. W. Hargreaves, being unable to be present to open the Show, as advertised, the committee requested the Rev. H. E. Pownall to perform that ceremony.

Mr. Pownall, having expressed his regret that Mr. Hargreaves was not present, owing to the illness of his wife, congratulated the Society on their successful show. They knew as well as he could tell them, that for many years the old Rothwell Horticultural Society had held an annual show which was looked forward to throughout the West Riding of Yorkshire. From causes, however, into which he need not enter, that Society was broken up, and the Rothwell Paxton Society has now taken its place; he believed there had been some want of management which caused the closing of the old show, but the Paxton Society were resolved as far as they knew, to remedy that fault. He said that he was the man that had the most "breast" than any other prize, but the man who could show the best of his own, if any one could inform them of any breakage of this rule, the committee would be glad to know of it; they were willing to have any kind of all-round, but they were very much pleased in examining the Cottage Garden, and he was sure the public would be highly gratified with the show.

He had now very great pleasure in declaring the second annual Exhibition of the Paxton Society open.

Mr. Ward then proposed a cordial vote of thanks to the Rev. H. E. Pownall, for so agreeably and willingly opening the show.

Mr. Nicholson seconded the resolution which was carried, and suitably responded to.

The show was held in a large marquee, the exhibits being placed in the most judicious manner. The centre portion of the tent was occupied by four beautiful groups of miscellaneous plants, and on either side with other ornamental plants, open to all comers.

It is gratifying to our native pride to find, that notwithstanding the severe competition, our townsmen, Mr. John Clayton, nursery gardener, was successful in carrying off the best and highest prize for a charming group of miscellaneous plants; Messrs. Fawcett & Twiss, of Leamington, being second. The Society, Mr. John Clayton offered special prizes for a charming Dahlia in Amateurs' and Cottagers' classes, which were won by Mr. H. E. Nettleton, of Outton, and Mr. G. Mandrill, of Rothwell, and by Mr. Croxall, of Leeds. In the competition for Cottage Garden, great satisfaction was expressed by the judges, and the first prize of £1 given by Mr. W. Hargreaves, was won by Mr. G. Mandrill, of Rothwell, and by Mr. Croxall, of Leeds. In the competition for Cottage Garden, great satisfaction was expressed by the judges, and the first prize of £1 given by Mr. W. WOODSFORD SCHOOL BOARD.

On Tuesday night, a meeting of the above Board was held, there being present Messrs. J. Nowell, Chairman, and the Clerk, (Mr. Smith).

Cheques were signed for the payment of the following accounts—Teachers' Salaries, £240 C. 10d.; Officers' salaries, £28 10s. 6d.; sundry payments, £2 0s. 0d.; sewing machine, £11 6s. 10d.; Receipts from School fees, £11 6s. 10d.; from sale of work, £2 6d.

This School Enlargement—The question of the School enlargement was then discussed, and the Clerk read a letter from the Education Department, stating that they allowed the application for purchasing an additional land which amounted to £350 17s. 6d., and £250 for the expense of covering the school, the estimate for the building should be reduced to £280 as the amount of the loan must not exceed £1400. The sum the Board was £1650; the Clerk said that in accordance with the Department's request, he had gone through the estimate with the architect, and found that the mason's work could be reduced, as there was one item which could be knocked out altogether, this would reduce the estimate to £1450, and as they could not further bring down the cost, without reducing the size of the building (which the Board decided to do), the Education Department to sanction the latter amount.

The purchase of school furniture, required for the new buildings, was left in the hands of the Chairman and Clerk.

Mr. Hargreaves—Mr. Armitage has been throwing a little dirt into our eyes about these 12 pence. We don't suppose Mr. Armitage can supply gas as well as Leeds, but they can do it at a different price to what they do; it's not for 12 pence, but more than that.

Mr. Hargreaves—If Rothwell Gas Light Co. do accept for all-night lighting, it would add £50 to the rates. Our expenses this year are higher by £10 than last year.

Mr. Hargreaves—We do not propose that.

The Chairman—But that is Mr. Lawson's alternative.

Mr. Lockwood—I have been waiting very patiently for an opportunity of speaking. It appears to me that public convenience is paramount to all personalities. I object to personalities and should consider it an insult to have myself particularly addressed. The Chairman should be addressed, and I should feel acutely any personal reference. Where is the advantage to the public after all this? It is expedient about all else, that we should not introduce some sort of light into Rothwell. During the last week or so, we have had a good light here, but we must now insist on the streets being lighted. I don't say that the Gas Co. have done wisely; I came hoping to hear that they had made some concession, but they had not. There has been nothing said about residuals by the Gas Company; they are an important item in the accounts of the Gas Co. However it is now a matter of convenience and expediency. Public feeling has been thoroughly aroused, and I am sure that if the question were put to the ratepayers just at this moment, they would say out loud; but my policy is to get the best terms we can with the Gas Co. and let the public fight it out with them afterwards. Mr. Ward agreed very much with me. Mr. Lockwood said that he was not sure they might get over the difficulty by agreeing with the Company for some little time, but there was no increase in the rate, and they are always there; they are not like the Arabs in Palestine, strolling about, exclaiming that they might have done better, but they don't move about.

The Chairman then proceeded to put Mr. Lawson's resolution, and after a short sharp retort and some angry words, the resolution was carried. Mr. Armitage, Mr. Hargreaves, Mr. Lawson, Mr. Turner, Mr. Ward, and Mr. Lockwood were in favour; Mr. Hargreaves, Mr. Lawson, Mr. Turner, Mr. Ward, and Mr. Lockwood were in favour; Mr. Hargreaves, Mr. Lawson, Mr. Turner, Mr. Ward, and Mr. Lockwood were in favour.

Mr. Hargreaves—Mr. Lawson now moved that the same terms be offered to the Rothwell Gas Light Company as accepted by the Leeds Corporation.

The Clerk—That is out of order, you must first rescind the resolution of July 21st asking the Rothwell Gas Company to tender before you can do that.

Mr. Turner—I beg pardon, there is nothing conflicting in the two resolutions; if we pass the resolution, it does not bind us to accept anything.

The Chairman—I think not either. The Clerk—I think not either. The resolution would be out of order.

Further discussion ensued on the legality of the new resolution, Mr. Lawson supporting the resolution, Mr. Armitage opposing it, and Mr. Hargreaves eventually got Mr. Lawson to propose 3s 8d instead of 3s 4d as Leeds, and seconded it.

Mr. Armitage, Mr. Hargreaves, and Mr. Lawson were in favour, and the Directors did not see how they could do otherwise. It was then 3s 8d per foot gas at present. If the public were not satisfied with this action, he was willing to place his resignation in their hands, and he was emphatically denied Mr. Lawson's statement that the Rothwell Gas Company had anything to do with raising the rate at Thornton, and challenged him to prove it.

The resolution was then put, and carried. Mr. Armitage and Mr. Hargreaves were in favour, and Mr. Lawson was in favour.

Mr. Hargreaves—The Clerk read a letter from Mr. Beaumont, Clerk to the Wakefield Rural Sanitary Authority, respecting the proposal to buy water for Stora Green from them, and intimating that the Authority would expect the Board to bear all costs connected with the agreement.

Mr. Hargreaves strongly objected to any such proposal; the scheme was intended to be a joint one, in which portion of the Carlton township would share, and he warmly declined to pay all the costs in the matter; they would be willing to do with the Wakefield Sanitary Authority the same as they had with Leeds and Hunslet. On Mr. Turner's resolution, it was agreed, on the same terms, with Wakefield, and with other authorities.

WATER TOWN.—As the hour was now getting late, and there was nothing urgent on the agenda, the meeting was adjourned to the next meeting.

WOODLESFORD SCHOOL BOARD.

The monthly meeting of the Board was held on Tuesday evening, presided over by Dr. Nowell, Chairman, the Rev. A. J. Irwin, Messrs. S. Dalton, and W. H. Newcome, with Mr. R. Smith, Clerk.

It was arranged that the schools be reopened on Monday, October 6th, and that the Clerk see Mr. Ledford, H. M. Inspector, and ascertain if some allowance could not be made, under the special circumstances in which the schools had been placed, by reason of the calamity just having been completed.

ESTIMATE OF EXPENDITURE.—The Clerk submitted the estimate of expenditure for the year ending Sept. 29th, 1891, which was for some time past, and shows an estimated deficiency for the ensuing year of £250.

In answer to a question, the Clerk said that the precept for last half year was £225. The balance in the bank is low, and he would not be able to get a precept for less than £280 this half-year.

Dr. Nowell accordingly proposed, and Mr. Newcome seconded, that a precept be sent on the Overseers for £280; carried.

COAL LEASING.—On the motion of Dr. Nowell and Mr. Dalton, it was agreed that Mr. Barret be engaged to lead the coal required for the schools.

The following accounts were signed for the payment of the following accounts:—

The public meeting commenced at seven o'clock. Mr. Leach, President of the Society, presided, and Mr. Armitage, Mr. Hargreaves, Mr. Lawson, Mr. Turner, Mr. Ward, and Mr. Lockwood were in favour.

WESLEYAN FOREIGN MISSIONS.

Special Sermons were preached on Sunday in connection with the Wesleyan Foreign Missions Society, by the Rev. J. R. Sharpey, of Wakefield. Both in the morning and evening, recent interesting information was given, showing the progress of Christianity in various parts of the world, particularly in India, China, and Japan. The evening service was devoted to a graphic and well-studied relation of the circumstances connected with the conversion of Lydia, the first European Christian in Japan, through whose servants it is not improbable the gospel eventually reached these islands. The great changes now taking place in the schools and colleges of India, and the marvellous advance of Christian literature and religion in Japan during the last few years, were thrillingly described, and the noble self-sacrifice of the numerous ladies and gentlemen who have given their lives and income for the service of foreign missions was narrated. The entire service, on both occasions, was thoroughly enjoyed by the object of the collections, and this being Mr. Sharpey's first appointment at Rothwell, general satisfaction and pleasure were expressed by all. Collections were taken on each occasion, the amount being slightly more than last year. In the afternoon, there was a juvenile Wesleyan Meeting in the school, where Mr. Goodall occupied the chair, and the Rev. Mr. Sharpey gave a capital address on the subject of "The Gospel of the Poor," and children sang special hymns, and a small amount collected at the close.

On Wednesday evening, a public meeting was held, the congregation being somewhat smaller than usual, owing no doubt to the popular young men, and the proceedings were opened in the usual manner, after which the Rev. W. Stewart briefly and kindly informed the congregation, when they all knew so well, as chairman for the evening. Mr. Butterick was cordially welcomed, and after the singing of the hymn, he read the Rev. W. Stewart's report. The paragraphs given by Mr. Stewart, indicated the state of the world, and the Rev. W. Stewart read the report. The paragraphs given by Mr. Stewart, indicated the state of the world, and the Rev. W. Stewart read the report. The Chairman then addressed the meeting and said there was no cause more interesting than the effort to spread the Christian faith in this world. Christ was the first missionary, and his order to his disciples was "Go ye into all the world, and preach the Gospel to every creature." They could not all be missionaries, but they could all do something. He had been much struck by the Gospel of the Poor, and they could not all be missionaries, but they could all do something. He had been much struck by the Gospel of the Poor, and they could not all be missionaries, but they could all do something.

The Rev. W. Stewart, on being called upon, very thoughtfully desired him the measure of speaking, and he was a gentleman who came as the Missionary deputation, a more lengthy opportunity of addressing the meeting. The Rev. J. G. Pearson, who has recently returned from Ceylon, on account of illness, then spoke, and gave a graphic and interesting account of his mission. The Rev. J. G. Some interesting incidents were then narrated, showing the manners and customs of the people, the state of the Christian faith in the island, and the progress of Christianity. The Rev. J. G. A collection having been taken, amounting to £38 4s 4d, a cordial vote of thanks was passed to the Chairman and the Rev. Mr. Pearson, on the motion of Mr. J. H. Hargreaves and Mr. J. R. Senior, after which the benediction was pronounced.

OUTLON CRICKET CLUB CONCERT.

Mainly by the efforts of Mr. Metcalf and Mr. Boothroy, a pleasurable and successful concert took place on Friday evening, in the National Hall, where the Outlon Cricket Club were fortunate in securing three prominent members of the Leeds Philharmonic Society, while others, including Messrs. Pape, Parker and Higgins, forming the quartette. Mr. A. Kaye, of Mowbray, then played a grand solo on the "Rock Capriccio," with taste and care, followed by Mr. A. Kaye, who was well received on his singing. The concert was well received, and the proceeds were for the benefit of the club.

The second part was opened by Miss Maitland, whose piano playing, being always so good, her selection on this occasion being Mendelssohn's "Hunting Song." Mr. Higgins followed with an excellent performance of the "Bravo old grand." "Tomorrow will be Friday," which he played with much effect. In the evening, in which he displayed a voice of considerable purity in tone, and worthy of being cultivated. Mr. Higgins followed with an excellent performance of the "Bravo old grand." PRIMITIVE METHODIST CHAPEL, ROTHWELL.

The Society has pleasure in announcing that

their Annual

Bazaar & Sale of Work

will be held on

Bolton Times,

Circulating in Rothwell, Woodhouse,

Osulton, Cuckfield, &c.

Not ordinary commonplace teetotal speakers,

but are educated gentlemen, well qualified

in every way to describe the physiological

and scientific aspects of the question, and

also to place the matter before the children

in a plain and agreeable manner.

These are

lectures appointed by the Union for the

United Kingdom, whose duty it is to give

short lectures to the children in all schools

to which they are allowed, free of expense.

Mr. Addison, who is appointed for North-

berland, Durham, Cumberland, Westmore-

land, Lancashire, &c., has been a

teacher for fourteen years. He holds

Advanced Certificates in Physiology and

Chemistry, together with the First Class

Certificate of the Education Department,

and the Honorary Certificate for School

Management, from his College.

From a circular issued by the Union, it is stated that

"Great pains have been taken to furnish

these gentlemen with every appliance for

an interesting and instructive delivery of

lectures, and whilst the lectures will be

entirely educational and scientific in their

character, and of a high order of delivery,

an ordinary school lesson, they have been

prepared so as to afford a pleasant half hour

both to the teachers and children. The

possessors of an ordinary manner, with

young people was a sine qua non with the

committee when making the appointments.

The plans of the lectures are so arranged as

to assist the ordinary work of the schools,

and wherever the addresses have hitherto

been given, they have been well received.

Mr. Butterick stated that these lectures

are being given in all the larger, and many

of the smaller towns in the country; forty-

one counties and been visited, and 2,500

addresses given during the past ten months.

In Leeds, this gentleman spent two or

three days, and he would willingly welcome

the children being requested to write out

notes of the lesson afterwards. He then

mentioned that Mr. Addison, of York, also

was in Leeds, and he would willingly

entertain the children during the school
